

Reintegrating Biology Jumpstart Meetings

Contributed by aneely on Oct 17, 2019 - 02:04 PM

Help generate ideas that will unify and advance the biological sciences. The University Corporation for Atmospheric Research (UCAR) and KnowInnovation (KI) would like to let you know of the opportunity to participate in a series of NSF-funded virtual and in-person events focused on identifying the opportunities and challenges for reintegrating research across the biology subdisciplines. More details can be found at <https://reintegratingbiology.org/>
